# WARRANTY

Every EVS product is covered by a one-year (from date of purchase) warranty on manufacturing defects when purchased new from an authorized EVS Dealer. eBay sellers and other sellers may not be considered authorized EVS dealer sellers. Warranties cover original manufacturing defects in material and/or workmanship, not normal wear and tear. All products covered by this EVS warranty program will be repaired or replaced. EVS headquarters will determine whether a product can be repaired or must be replaced. Products will be replaced with like or similar product size and model as those originally purchased. Can upgrade at additional cost. No downgrades or refunds. Customer must obtain a warranty return authorization number and must include it on the warranty return form when returning the product to EVS. The proof of purchase must be included with the return. All warranty returns must be sent to EVS Headquarters (California), postage prepaid. All product shipped to EVS Central (Wisconsin) will be refused and returned to sender. EVS will pay for regular ground rates costs for products repaired or replaced under warranty within the first year, when proof of purchase is provided. Customer is responsible for any express shipping charges above regular ground. When a product is in a backorder status, warranty replacements will be given priority when new product is received. Dealers should advise their customers to direct all warranty questions or problems directly to EVS Headquarters. The decision for all warranty issues must come from EVS Headquarters directly.

### WARRANTY ON KNEE BRACES

 Handling: \$3.00 (required for residential shipping)

If there is no proof of purchase, or if it is over one year, a new knee brace must be purchased.

### EVS RETAIL & RIDER CUSTOMERS

Any EVS product may be returned within 30 days of date of purchase for a refund if purchased directly from EVS. Any unused (in new condition) product returned must be accompanied by a copy of the original invoice. There is no refund on original shipping and handling charges. A 20% restocking fee will be charged for products returned for refund. Products returned for credit toward a future purchase will not be charged a restocking fee. There will be no credit given on original shipping and handling charges. Freight will be charged on any subsequent purchase using the credit balance. If product was purchased elsewhere it should be returned to that dealer, unless there is a warranty or manufacturing issue. EVS will not process refunds for retail customers for items purchased elsewhere. Any EVS product may be exchanged within 90 days of date from purchase if received by EVS unused and in new condition. A shipping and handling fee will be charged. A return authorization (RA) number/form must be obtained before returning the product. A copy of the original invoice must be included with the return and return form. Contact EVS Sports at 262-788-7313 for an RA number/form.

### DEALERS & DISTRIBUTORS

EVS products may be returned for a refund or credit as long as the product is unused, in new condition and can be restocked. Credit to be determined if the item is an older and/or discontinued style. A 20% restocking fee will be charged. Restocking fee will not be charged if a replacement PO is submitted to EVS Sports. Dealers with credit terms will have their account credited. Dealers with COD terms will have a credit put on their account. Dealers who pay by credit card will receive a refund on their credit card. Dealers are to handle all non-warranty returns and exchanges of merchandise for their customers. This includes size or product exchange. If EVS handles a size exchange instead of the dealer, the customer will pay shipping both ways. Other exchanges or returns will not be handled by EVS for Dealer customers.

# HOW TO MEASURE

### HEAD

Lift your arms up to the side and have your friend wrap the measuring tape under your armpits. Lower it until the tape is wrapped around the widest part of your chest.

### CHEST

Using a cloth measuring tape, measure the circumference of your head at the point approximately one inch above the eyebrows in front, and at a point in the back of the head that results in the largest possible measurement.

### KNEE

Measure calf and thigh circumference 8" or 20cm above and below the center of knee

### HANDS

Measure the palm width around the widest point of your hand just below your knuckles. Then match that measurement to the appropriate glove size.
